

Pure Energy Dance Co.

Changes to the Price Cap

Pure Energy Dance Co. is continuing with a price cap that benefits students who are registering in many classes. In past years, the price cap was set at \$425 and included all classes, including small groups. The cap did not include Aerial classes, solos, duos, trios and quartets.

This year, we have added Jazz and Tap Technique classes as well as Conditioning classes and with the increase in expenses, it is necessary to make a small increase to the cap. We tried many formulas such as keeping the cap as it was and not including small groups and technique classes, however, in the end, the price cap we decided on was the least expensive option for our dance families.

The following shows the chart of the Price Cap for 2019-2020.

You will notice there are \$15 increments for every additional \$75 of classes. We have also included the discount savings that applies to all capped levels.

The more classes you take, the more you will save!

*The Dance cap will include **all** classes except Solos, Duos, Trios and Quartets
